## **CAST BREAKDOWN:**

### **LEAD ROLE: Dr. Kanopolus (Dr.K) Male, Caucasian, 50's.**

He is the determined doctor who has aligned himself with a pharmaceutical company to help develop his breakthrough technology in bringing the dead back to life. Amiable and kind, he is not a mad scientist but a man who believes he is doing good for society as a whole. He is equally a loving husband who sees much of himself in his nephew. Having no children of his own, young Eddie is like a son to him.

### **LEAD ROLE: Young Eddie, Male, Caucasian, early 20's.**

Eddie is on his way to Harvard Medical School. While his father is proud, his uncle is more so. Despite his scholarly manner, Eddie is a typical young man in many ways... still shouldering the heavy heart of a breakup and trying to figure his way back into her life. He is articulate, handsome, charming, witty and a loyal friend. He is the kind of person we would all root for.

### **SUPPORTING Kevin Marx- late 30's Male, Caucasian**

Kevin is Dr.K's assistant. A man who is determined to see his mentor accomplish the unimaginable, bringing the dead back to life. Bright, he is a man who has devoted himself to the science of re-animation. A tad nerdy, he is socially awkward but faithful and dependable.

### **SUPPORTING Amber Brooks– Female, Late 20's, Caucasian.**

She is the sexy next door neighbor who has a penchant for laying out nude by the pool. She is very much the bombshell most men long for, and she loves to display her magnificent body in sexy garments. She knows the boys make sport of watching her but being an exhibitionist, she plays the game to perfection. **NUDITY**

### **SUPPORTING Norma – Female, Early 30's, Caucasian**

She is the screwy and bitchy stepmother of Eddie. A gold-digger who has won his father over and blinded him. She harbors a bitterness toward anyone who does not bend to her ways, especially Eddie. She is a closet alcoholic who's addiction is slowly consuming her. She spends much of the day sleeping off her hangover and creating drama.

### **SUPPORTING Sarah – Female, Early 20's, Caucasian**

She is the classic beauty next door. Modest, even tempered and alluring, she is the love of Eddie's life. Their breakup has been hard on her and she has since starting dating the campus jock who has it out for Eddie. Sarah is the woman we bring home to mother. Despite everything she has going for her, looks and brains, she had to work for all she has. She labors in a greasy diner to pay her way through college and help her family out.

### **SUPPORTING Trey Harold - Male 20's, Caucasian.**

Trey is the popular campus jock. He clearly despises Eddie since he feels threatened by him since he once dated Kathy, his new love interest. He is an uneven tempered jock who likes to showboat and his steroid use makes him volatile. He is only driven by what pleases him and loyalty is not a priority. He is the guy we love to hate and cheer for when all comes crashing down around him.

### **SUPPORTING Walter Riggs – Male 20's, Caucasian.**

Walter is Eddie's best friend and confidant. He is loyal, charming and most of all very funny. One can see why Eddie loves his company. He is crazy wild and nothing is too far for a joke. Walter is big on fun and has a big personality.

**SUPPORTING                    Kara – Female, Early 20's, any ethnicity**

She is the best friend of Sarah and works with at the diner. She is a working mother who is scraping by to give her child a chance. She is measured, and a woman no filled with non-sense. She is street wise and has been through it and she certainly doesn't take any crap from anyone, not even the customers though. Despite her stoic nature, she has a warm place for her friend Sarah and gives her sound advice.

**SUPPORTING                    Ben Hajif, Male, mid 50's, Indian or Pakistani origin**

Ben is a rep for the pharmaceutical company and has been assigned to keep tabs on Dr.K. He is a company man who has only one thing in mind, to see that the science and technology that Dr.K has been working on is preserved and kept under tight guard.

**SUPPORTING                    Detective Kitner, Male, mid 30's to mid 40's, any ethnicity**

Kitner is the typical motivated detective who is out to find out who is behind some gruesome murders. Unyielding and stoic, he is straightforward and a man who veers little from the book.

\*\*\*\*\*The script is still in the works, so there are several supporting and featured extra roles not yet in the breakdown. Talent auditioned but not cast for leads and supporting will also be considered for these other roles.
